

RV CHECK-IN/CHECK-OUT FORM

Please document the condition of the RV at the start and end of your trip by completing this document in full, with signatures from the owner and renter. Additionally, photos must be taken during the pre-trip and post-trip walkthroughs. In the event that you wish to file a claim, please save the photos and form as these documents are required. Note: These forms can now be completed digitally on the Good Sam Travel app.

PRE-RENTAL CHECKLIST

Each RV Owner / Operator is responsible for the optimal function of their RV; this includes but is not limited to all safety equipment functioning properly on and within the unit.

TEST DRIVE

Take notice of any noises, vibrations, smells, or other indicators that the vehicle is not travel-ready. DO NOT allow a rental to occur if you suspect any type of problem with the RV.

LIGHTS & SIGNALS CHECK

- Headlights/High Beams
- Driving Lights
- Rear Driving Lights
- Front Turn Signals
- Rear Turn Signals
- Brake Lights

FLUIDS CHECK

- Wear
- Generator Oil
- Windshield Washer Fluid
- Radiator Fluid
- Brake Fluid
- Transmission Fluid

TIRE INSPECTION

- Oil
- Tread Depth
- Proper Inflation
- Bulges
- Cuts
- Spare/Jack

TOWING

If renting a towable, confirm the renter's tow vehicle is rated for proper towing.

BEFORE YOU BEGIN

IDENTIFICATION

Confirm the renter's identification matches the booking request and that their license is not expired.

DOCUMENTS

Verify a valid registration, up-to-date state inspection (if applicable), and all other documents are available and known to the renter.

WALKTHROUGH & INSPECTIONS

The owner and renter should each review the following checklist to ensure the RV is ready for rental. Allow enough time for a thorough walkthrough, detailed operating instructions, a test drive, and time to answer any questions before signing paperwork.

START OF RENTAL
